The addition of optional extras may result in the vehicle increasing in Co2 g/km and therefore, attracting a higher rate of VRT than described in this product guide. For your exact configuration value, both Co2 g/km and RRP, please contact your local dealer or visit www.peugeot.ie

Note: Some options may require other options depending on the item and trim line.

Fuel tank capacity (litres)	56

(1) Boot volume maximum and minimum in five seat configurations with 3rd row seats folded flat / removed

(2) Measured according to VDA method using parallelepipeds of 200x100x50 mm.

(3) Boot volume maximum and minimum in two seat configuration with 2nd seats folded flat and 3rd row seats folded flat / removed.

ESOE APRIL 2024. FOR FURTHER INFORMATION TALK TO YOUR LOCAL PEUGEOT DEALER OR SEE WWW.PEUGEOT.IE.

The information contained in this specification sheet, is based on the data and images available at the time of publication. Some photography may feature left hand drive models. All images shown are for illustration purposes only. Photographic processes used may alter the depth and tone of the colours shown. As part of a policy on continuous specification improvement, Peugeot reserves the right to modify colours, trims, engine range, options and standard equipment at any time. This specification sheet is not a contractual document or offer of sale.

The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (l/100km) and CO₂ emissions and are correct at the time of print. WLTP replaces the previous NEDC test method. The included values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO₂ emissions produced. You can discover more about the WLTP at peugeot.ie/brand-and-technology/wltp
